

Oil Company, Malaysia

Fibrelite Supply Tank Sumps, Dispenser Sumps, Remote Fill Sumps and Manual Dip Sumps to a Petron Filling Station in Sabah and Sarawak, East Malaysia

Site under construction

Project Overview

Fibrelite's vacuum testable fibreglass tank sumps and dispenser sumps have been specified by a regional oil company in Malaysia.

Testable and Watertight

Fibrelite's high-technology RTM production methods are used to create a range of high-quality fibreglass equipment which is both testable and watertight.

Fibrelite's locking watertight internal lid supplied with all turbine sumps

Fibrelite's 1.2m 16 sided turbine sumps being installed

Watertight, Vacuum Tested Cable Drawpits

Fibrelite's wide range of cable drawpits give watertight and vapour tight installations which will not deflect under ground water pressure.

Cable drawpit with 32mm conduit piping

Factory Assembled and Easy to Install

Fibrelite's remote fill sumps are pre-installed with specified pipework at their Malaysian factory and vacuum tested prior to shipment to site. Secondly contained and fitted with all Viton seals, Fibrelite's wide range of remote fill sumps are suitable for blended fuels.

Fibrelite's Gilbarco Advantage 36 dispenser sumps

Fibrelite's Gilbarco Legacy dispenser sump

Secondarily contained Fibrelite remote fill sumps with anti-slip step down platforms

Long Working Life – Tried and Tested Reliable Performance

Fibrelite's wide range of dispenser sumps offers a great alternative to polyethylene sumps. The strong rigid structure will not deflect under groundwater pressure. The simple two piece design provides a large working space to install pipework inside the sump before the top section is installed.

Testable Containment, Consistent Structural Integrity

Fibrelite's high-quality one-piece moulded tank sumps have a smooth finish for easy handling during installation. Designed and manufactured to withstand high groundwater pressure after installation for the lifetime of the site.

Fibrelite's manual dip and interstitial monitoring sumps being installed

Fibrelite's watertight vacuum tested manual dip sump
