

## Convenience Store, Pennsylvania, USA

Fibrelite Supply FRP Tank Sumps, Dispenser Sumps and Covers,  
Pennsylvania, USA

*New site in Pennsylvania*

### Now Allowing Easy and Safe Access

Fibrelite's vacuum testable GRP tank sumps and 25 tonne rated GRP composite covers and multiports have been specified for this site.

*Fibrelite's 42" E85 compatible tank sumps being installed on double wall steel tanks*

### Testable Containment, Consistent Structural Integrity

Fibrelite's high-quality one-piece GRP tank sumps have a smooth finish for easy handling during installation. Designed and manufactured to withstand high ground water pressure after installation for the lifetime of the site.

### Long Working Life – Tried and Tested Reliable Performance

Fibrelite's wide range of GRP dispenser sumps offers a great alternative to polyethylene sumps. The strong rigid structure will not deflect under groundwater pressure. The simple two-piece design provides a large working space to install pipework inside the sump before the top section is installed.

*Fibrelite's E85 compatible Encore 500 dispenser sumps*

### Testable and Watertight

Fibrelite's high-technology RTM production methods are used to create a range of high-quality GRP equipment which is both testable and watertight.

*Vacuum testing to ensure a watertight installation*
